

# SSAA-Victorian Muzzle Loading Club Competition Programme 2012

Each month, events will be shot in the order shown as far as possible. Championship and Open muzzle loading rifle events are held concurrently where possible. Inclement weather, a lack of competitors, or other crises beyond the control of the organisers may result in changes. A lunch break of 30 minutes is usually taken around noon. Black Powder shooting is not permitted at Eagle Park on a day of Total Fire Ban for the Central Area. For information regarding Total Fire Bans contact the Victorian Bushfire Information Line on 1800 240 667.

## **Please Note the Following:**

1. Events are 13 shots with the best 10 to count, unless stated otherwise.
2. 30 minutes allowed for events except where noted.
3. The 50 metre precision target, or similar, is the standard target for events, except where noted.
4. The "Big-Bull" target shall be used for events of 200 metres or longer.
5. Off-The-Body events require that the competitor carry all loading materials, including black powder in a powder horn or flask, with the exception of a loading rod. A ten-point penalty shall apply for non-compliance. Spotting or Coaching is not permitted during Off-The-Body events.
6. Handgun competitors are advised that the practice of competing in certain handgun competitions at times other than indicated in the programme may result in your score not being eligible for a placing, but will still be recorded as a competition / participation.
7. Gong events are by elimination after 3 shots.

## **Awards - January to October**

Each month, award cards will be given to competition place-getters, as well as an award for the highest muzzle loading rifle aggregate score (eg, Glass, Key Ring, Caps etc). Trophies will be given to the Class Champions (March - October shoots); in addition, these Class Champions may be given Perpetual Shields (strictly subject to Executive Committee approval).

## **Annual Aggregates for 2012**

Annual Aggregates for Breech Loading Rifle, Cowboy Single Action, Handgun, Muzzle Loading Flintlock Rifle, Muzzle Loading Rifle and Muzzle Loading Shotgun, and will be finalised following the October shoot, and will be based on:

Cowboy Single Action	6 Shoots*, best 6 to count.
Breech Loading Rifle:	4 Shoots*, best 3 to count, including Championship aggregate score.
Handgun:	9 Shoots*, best 6 to count, including Championship aggregate score.
Muzzle Loading Flintlock Rifle:	4 Shoots*, best 3 to count, including Championship aggregate score.
Muzzle Loading Rifle:	9 Shoots*, best 6 to count, including C1 and/or C2 Championship aggregate score.
Muzzle Loading Shotgun:	4 Shoots*, best 3 to count, including Championship aggregate score.

\* A "Shoot" is a competition shot on any one day, and usually comprises of one or more events. Trophies will be given for highest yearly aggregate in the six classes detailed above.

The scores of any competitors who participate in Championship (or alternative events) but who do not take part in all the Championship events for a particular Championship-day will be included in aggregates.

Muzzle loading rifle aggregates include Flintlock scores from the Muzzle Loading Flintlock Rifle Championship
